Season 4: openBIM – The Technical

Class 25: Smarter infrastructure with open data standards

HKABAEIMA Training Centre Training Class

on 12th May 2021 (Wednesday)

via Zoom Online

HKABAEIMA is organizing a series of training classes on different topics to help BIMers transiting from BIM to openBIM. You are cordially invited to attend the class to learn more about openBIM.

For registration, please click [here](#). We look forward to seeing you.

17:45 - 18:00

Reception

18:00 – 18:05

Moderator:

Ir Francis Leung

Vice President
HKABAEIMA

18:05 – 18:10

Welcome Address:

Ar Ada Fung

President
HKABAEIMA

18:10 – 19:00

Speakers:

Mr Marek Suchocki

BEng CEng CIP FBCS FICE MCIInstCES
Infrastructure Industry Engagement Lead
Autodesk

Mr Nigel Peters

Transportation Product Manager
AEC Infrastructure Product Development team
Autodesk

Topic: Smarter infrastructure with open data standards

Today's AEC projects are driven by Building Information Modeling (BIM), which requires centralized data sources and ways to share information easily. To facilitate a seamless exchange of data across multidisciplinary parties around the globe, data interoperability and standardization are key to leverage BIM for the timely delivery and cost savings on Infrastructure projects.

19:00 – 19:15

Q&A

Note:

1. Participation at this training class is free of charge, but registration is required. The registration will close at 3pm on the day.
2. Upon the completion of this class, a 1 hour CPD will be offered at the cost of HK\$ 50 (as a handling charge).
3. The class will be conducted in **English**.
