Know More About Our Speakers...

Dr Aglaia KONG

*Chief Executive Officer and Chief Technical Officer
LeapFive*

Aglaia Kong is founder, CEO/CTO for LeapFive, a technology company focusing on using RISC-V CPU architecture to build AIOT SOC (system-on-chip) enabling products for smart energy, smart enterprise, smart building and smart city solutions. Aglaia also acts as strategic technical advisor for SiFive, StarFive, Global Semiconductor Group, Henderson etc..

Prior to LeapFive, Aglaia Kong was Google CTO overseeing Google and Alphabet network infrastructure. Leveraging Artificial Intelligent (AI) and Machine Learning (ML), she defines and designs the overall architecture to build Software Defined Network (SDN). With SDN, the network is configured and optimized automatically based on intent and policy. She was also part of Google Cloud CTO Office and initiated Google Cloud IOT Core. She defined and drove Google smart building effort worldwide and educated the industrial on the approach for smart buildings as a proof point for SDN and Google Cloud IOT.

Before Google, Aglaia was Cisco's CTO for IOE (Internet of Everything) Solution Group and VP of Technology leading solution innovation for IOT. IOE is about connecting things together for different industries. With things together, Cisco can help customers to optimize their operations via data analytics and drive new business value. In this role, she worked closely with partners and industrial experts to create new solutions for industries like oil & gas, manufacture, energy, smart cities/nations and health care etc..

Prior to Cisco, Aglaia Kong was an accomplished technologist and leader. She was Fellow for Symantec driving Information Technology Security and Availability technology. She was also the pioneer and patent holder in leveraging GPS/GIS (global positioning system/geographic information system) for navigation. She held 20+ patents and had successful invented and delivered over 26+ products worldwide.
